**WEEK 3**

# 3 in 1

Have you ever heard us talking about God the Father, God the Son, and God the Holy Spirit? How can all three be God, yet all three be separate? What is going on? It's very hard for us to try and understand the Trinity. But we can learn all about the three members of the Trinity. Check it out!

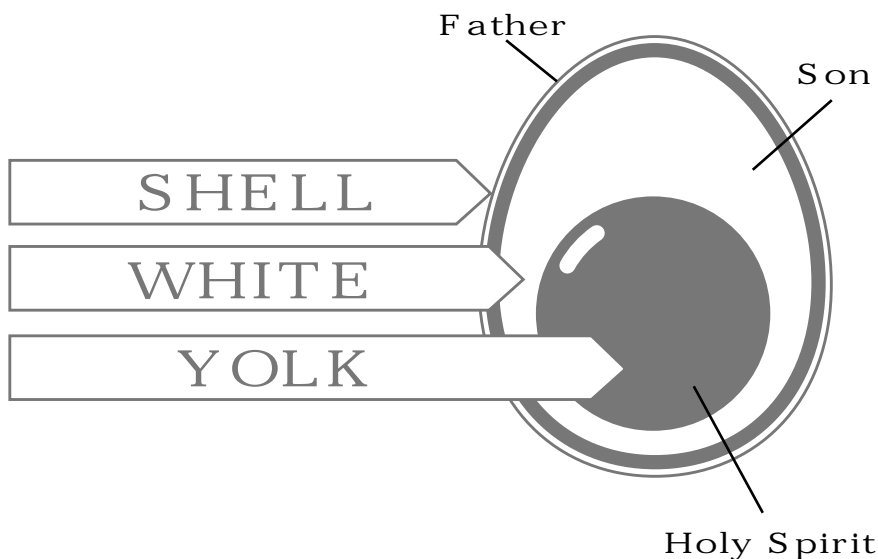

## Did You Know?

An ostrich egg is the largest of bird eggs! The average size of an ostrich egg is about 6 inches. Compare that to a hummingbird egg which is just under half an inch!

## Label the Egg

Don't forget what Ms. Hailey said about how we can use an egg as a picture of what the Trinity is like! The egg is one thing, but it has three parts... the shell, the white, and the yolk!

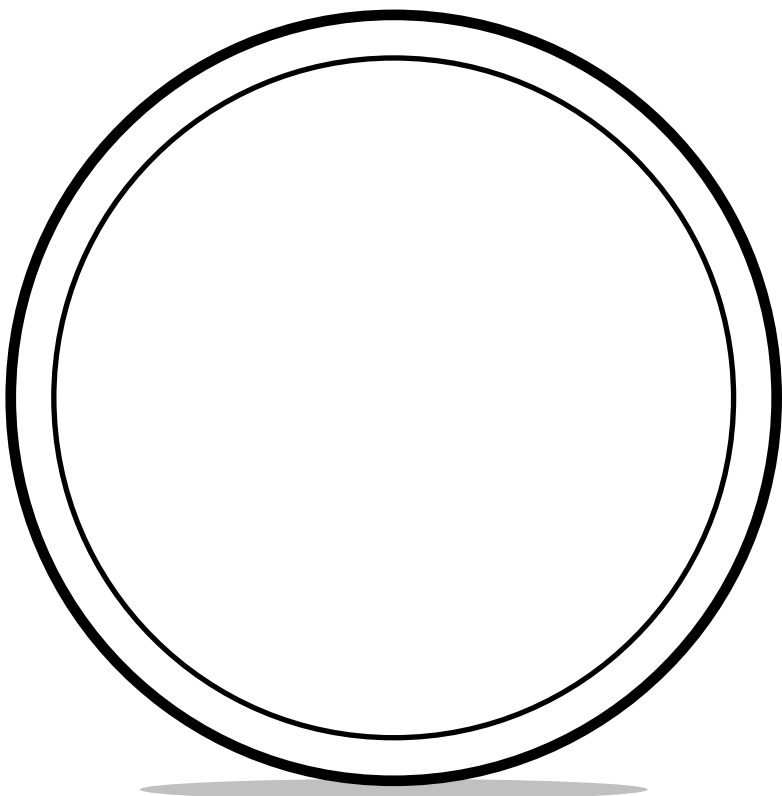

# The Holy Spirit Lives in All of Us

Have you had a time when you saw someone struggling to do something and you felt like you NEEDED to go help them? OR maybe you needed to talk to someone about something and you just didn't know what to say but

when you started talking, you said what you needed to say perfectly? This could be the Holy Spirit working in you! How cool is it that the Holy Spirit is here to help you and guide you every day! Read **John 14:26**

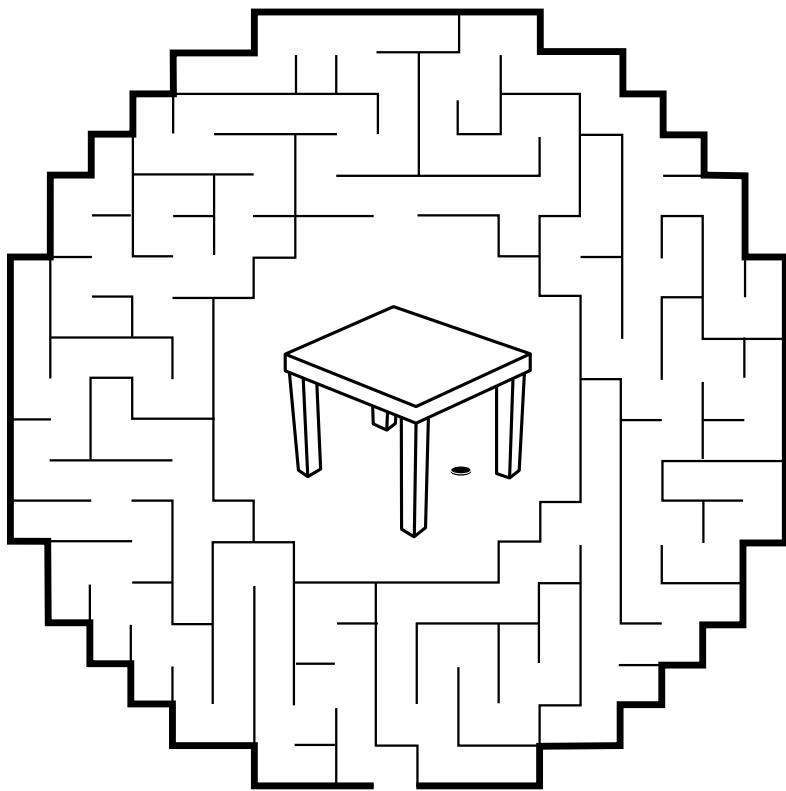

## Lost Coins

Read **Luke 15:8-10**. God loses us when we turn away from him towards sin, but he is always searching for us until he finds us. In the coin write or draw the temptations that lead you away from God.

# The Lost Coin Maze

So what's the big deal about losing a coin? That's gotta be 25 cents at most. Right? Well back when Jesus was here, all money came as coins. There wasn't any paper money being used. So imagine if there was a \$100 coin that you lost. You would do everything possible to find THAT coin! Wouldn't you? Help the woman in today's story find her coin by getting through the maze.
