You, dear children, are from God and have overcome them, because the one who is in you is greater than the one who is in the world.
1 John 4:4

God's spirit is inside each of us. When we feel overtaken by the world and all the sin, we might get stuck in, we can remember through this verse that God is much greater than all evil. And that makes Him worthy to be praised.

You can overcome with God, cause He already has!

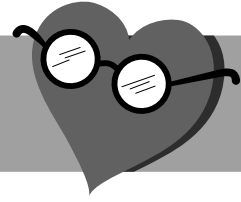

Did You Know? ??

The Bible mentions **Praise & Worship** 540 times! I think it wants us to show God how much we love Him!

worship praise worship
praise worship worship
worship praise praise worship

worship praise

When we worship God as an act of obedience it is because we listened to the Holy Spirit.

How does the Holy Spirit help you to obey?

When the Holy Spirit begins to live in your heart, he teaches you to live differently than you did before. You will want to do things that please God and live like Jesus lived. That doesn't mean you stop sinning, that will only happen when you are in Heaven with God. BUT it does mean that you will begin a lifelong journey of learning and changing to be more like Jesus. -----

→ AND it is the Holy Spirit who helps you through it all. Sometimes he helps you in a way that is almost like talking to you. Sometimes the Holy Spirit tells you to do or choose one thing over another. The Holy Spirit can even change how you see and think about things. He is like a special pair of glasses that changes how you see the world.

OBEDIENCE

The definition of Obedience is the act or practice of obeying. Many characters in the Bible obeyed God because they loved Him and wanted to follow His teachings. This form of worship; obeying God, shows that He has authority over your life and that you trust Him fully.

Match the Bible character with how they obeyed God.

How do you worship?

Read 1 Kings 19: 11-13

How did God speak to Elijah? This week, take a moment to be quiet and listen for God's voice. This could be when you are sitting in the car waiting on your family, when you are getting ready for bed, when you are walking outside. Write down your thoughts and then ask yourself; Is God asking me to do something? Say Something? Change something?
